

MCRMA TO BE A SPONSOR AT THE UK ROOFING AWARDS 2015

MCRMA is pleased to announce that for the third year running it will sponsor an award in both the roofing and cladding categories at the UK Roofing Awards 2015.

The UK Roofing Awards recognise and reward outstanding standards of workmanship and safety among competent roofing companies. Judging will be undertaken by a panel of independent construction professionals with guidance from trade association experts.

The deadline for entries is Friday 23rd January 2015; the shortlisting and judging will take place in February 2015. The finalists will be announced in March and the winners will be revealed at the Roofing Awards Congress luncheon on Friday 16th May 2015 at the Hilton London Metropole.

All entries should be for a project with a completion date between 1st December 2013 and 31st December 2014. Manufacturers entering projects must ensure that the roofing and/or cladding contractor is a member of one of the Roofing Awards supporting trade associations
