District Energy

**Concrete offers opportunities for designers to positively influence the performance of their projects and our built environment, sustainably and economically.**

The Concrete district will deliver inspiration and information to enable designers to realise the potential of this sustainable material and its range of construction solutions for housing, buildings and infrastructure.

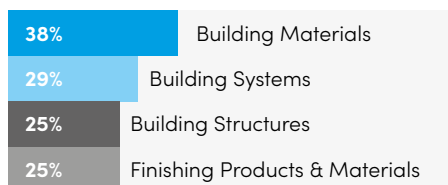

**25,400**  
overall visitors

**9,000**  
visitors attend specifically  
for concrete solutions\*

*\*Including Architects,  
Consultants, Housebuilders &  
Structural Engineers*

Our visitors want concrete solutions and are interested in:

# 3,637

visitors are interested in structural concrete

# 5,504

visitors are interested in concrete as a building material

## Visitors from 2017 included:

Adam Architecture	Grimshaw
ADP	H+H
Alastair Hughes	Hardman Structural Engineers
Archibald Shaw	IBI
ARUP	Integral Engineering Design
Atkins	JAC Structural Engineering
Aukett Swanke	Jacobs
Barratt	Kenneth S. Foster
BDP	LA Metalworks
Bellway	Laing O'Rourke
Bennett Homes	MDO Associates
Bennetts Associates	Milbank Concrete Products
Berkeley Group	Monson Engineering
Bewley Homes	Mott MacDonald
Bovis Homes	MPA Cement
Braeburn Structures	Network Rail
Broadway Malyan	NHBC
Chesney's	Olivers Building Design Consultants
CLA Urban International	Optima Projects
Crest Nicholson	Pasquale Vacirca Consulting
Cundall	Patera Engineering
Curtins Consulting Engineers	Pearcroft Design
Dwer Consulting	Persimmon
Eadon Consulting	Pick Everard
Eco Ready House	Price and Myers
FDL	PRP
Format Engineers	R A Condon
Frank Van Lock Associates	Detailing Services
Fugas	
Galliford Try	
Goler	

Meet senior, forward thinking professionals with purchasing power:

<b>88%</b>	<b>72%</b>
of visitors managerial level or above	of visitors authorise or specify products

Redrow	SKM Planning and Design
Richard Jackson	Surrey Hills Consulting Engineers
Riverside	Taylor Wimpey
Robert Bird Group	Tellet Engineering Consultants
Sampson Associates	Walsh
SBR	Willmott Residential
Scott Brownrigg	WME
Sheppard Robson	WSP
Sir Robert McAlpine	
Sketch Structural Engineering

*"The Concrete Centre is committed to enabling designers; being at Ecobuild is a great platform for thought-leadership on the latest issues and for keeping designers up-to-date. There is so much that designers can influence by using concrete, whether it is understanding constituent materials or the latest best practice on designing with thermal mass, fire resistance, resilience and whole life performance, at Ecobuild visitors can source guidance and see the product solutions."*

Claire Ackerman, MPA The Concrete Centre

## 2017 exhibitors included:

## District includes:

- Dedicated seminar theatre
- Curated product gallery
- Expert advice clinic
- Launch pad pavilion
