District Energy

**The largest gathering of
manufacturers of district
energy equipment ever seen
in the UK will feature in this
dedicated area.**

Hosted by the ukDEA and in association with Danish and Swedish Embassies, this district will include a packed programme of key speakers and debates, a networking lounge, a new product launch pad showcase demonstrating the latest technology available and the launch of a local authority knowledge workshop to help with district energy projects.

25,400
overall visitors

3,200+
visitors attend
specifically for district
energy solutions

390
seminar attendees

Our visitors are interested in all aspects of energy and are looking for district heating solutions:

Renewable Energy & Microgeneration

Solar PV	5934
Solar Thermal	5100
Heat Pumps	4929
Energy Storage	4832

“As first-time exhibitors at ecobuild 2017, we were unsure of what to expect. However, we had a fantastic show – I lost my voice after the first day as we were so busy! Having such a positive experience, we have already rebooked for 2018, doubling the size of our stand.”

Toby Chamberlain, Director, Rhico Ltd

Confirmed exhibitors for 2018 include:

AquaHeat HOT WATER

Rhico
Heating Solutions

DIEHL
Metering

BRUGG PIPESYSTEMS
Flexible solutions

Set
Set ehf • Set Pipes GmbH

District includes:

- A larger seminar theatre, dedicated to district energy
- Local Authority focussed workshops
- The latest products and innovations in a curated product gallery
- Expert advice clinic
- Launch pad product pavilion
