District Energy

The Timber district at ecobuild will showcase the latest innovations including timber framing, structure, cladding and more. Providing a platform for buyers and specifiers to come together and explore timber solutions available within this market.

The Structural Timber Association, Wood for Good and TRADA will support this district and curate a new for 2018 timber focused seminar theatre and meet the buyer scheme.

“*“Ecobuild 2018 is an important platform for us and the timber industry to engage with the forward thinkers within the built environment. Across three days TRADA will be hosting the Timber district at Ecobuild, showcasing innovative products and meeting with new and existing industry professionals. We are looking forward to taking part in Timber talks, the new dedicated seminar theatre specifically for the Timber industry”***”**
