REHAU Rio

Flush fit window system

The REHAU Rio flush fit window is the first range to combine the realistic look and feel of timber, with all the benefits of PVC-u.

Features

- Choice of three jointing options - Fully weld, Full mechanical or MechWeld
- 28mm glazing as standard with option for 34mm triple glazing
- Traditional low level sculptured bead
- Integral low level gasket
- External chamfer detail for smoother sightlines
- Eurogroove in same position as TOTAL70 - no specialist gearing required
- No annual maintenance required like with timber windows

Colour

- Homeowners can choose from 11 foils in over 20 different combinations
- Turner oak finish offers a real alternative to timber

Weather & Security

- PAS 24 security accredited
- Rio achieves the highest BSI ratings for wind, water and air
- Achieves an A Rating with a U-Value of 1.35W/m²K.

**PAS 24
security
accredited**

Sustainability

In 2014, recycling business PVCR Limited was welcomed into the REHAU group and has since benefitted from significant investment in its recycling equipment.

Over 13,000 tonnes of post-consumer windows & doors are processed per year.
